

PATENT FILING TIMELINE

PATENTWIRE

WHAT'S NEXT

Step 1

1st Year

Provisional/Complete

- Prior Art Search may be conducted before filing a provisional/complete specification.
- If provisional specification is filed with first application, complete specification must be filed within 12 months from the filing date of provisional.
- Foreign filing or PCT Application must be done within 12 months from the first filing.
- Only complete specification can be filed as Convention or PCT Application.
- Marketing or commercialization of the invention can be started just after filing first application.

Step 2

2nd Year Publication

- Publication in official journal occurs automatically after 18 months of first filing.
- Request for Early Publication can be made in case of any “Strategic Business Requirements”.
- Publication is only after filing of complete specification.
- After publication, any one can access the disclosure and other details of the application through government or private patent databases.
- Publication can be stopped by expressly withdrawing Application till 15 months from the date of first filing.
- PCT and foreign application will be published in respective journals/databases.

Step 3

3rd Year Examination

- Examination of application by Examiner can only be done if Request for Examination has been filed.
- Examination of application will be done only after publication of application.
- Application for Request for Examination can be filed along with complete specification.
- The deadline for filing Request for Examination is 48 months from the date of first filing;
- If the deadline of filing Request for Examination is missed, the application will be abandoned and cannot be revived.
- PCT and other foreign applications will be searched/examined by respective examiners separately.

Step 4

4th Year FER

- ❑ First Examination Report will be issued after examination of application.
- ❑ Based on Patentability criteria, Examiner will object the application and issue the objection letter.
- ❑ The objection letter contains various prior arts, their similarity with the application, and objections on various non patentability and procedural issues.
- ❑ Deadline for filing response to the First Examination Report is 6 months from the date of issue of FER.

Step 5

5th Year Grant

- ❑ After receiving response towards FER, Examiner may issue subsequent examination report or call for a hearing.
- ❑ Based on the argument and satisfying all objections raised in the FER, Examiner may grant/reject the application.
- ❑ The notification of grant will be published in official journal.
 - ❑ The Letter Patent will be issued subsequently.
- ❑ Subject to payment of renewal fee the patent will be valid till 20 years of the first filing date.
